

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elizabeth Straka
DOCKET NO.: 18-34438.001-R-1
PARCEL NO.: 13-05-104-015-0000

The parties of record before the Property Tax Appeal Board are Elizabeth Straka, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,000
IMPR.: \$20,932
TOTAL: \$29,932

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story class dwelling of masonry exterior construction with 1,756 square feet of living area. The dwelling is approximately 80 years old. Features of the home include a full unfinished basement, central air conditioning and a 1-car garage. The property has a 5,625 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class code 2-03 dwellings of masonry exterior construction ranging in size from 1,721 to 1,748 square feet of living area. The dwellings range in age from

60 to 72 years old. Each comparable has a full or a partial unfinished basement and a 1-car to a 3-car garage. Two comparables have central air conditioning. One comparable has one fireplace. The comparables have improvement assessments ranging from \$18,525 to \$21,815 or from \$10.65 to \$12.68 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$20,932 or \$11.92 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,726. The subject property has an improvement assessment of \$29,726 or \$16.93 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with one-story class 2-03 dwellings of masonry exterior construction ranging in size from 1,146 to 1,497 square feet of living area. The dwellings range in age from 62 to 92 years old. The comparables have full basements with two comparables having finished area. Three comparables each have central air conditioning. One comparable has one fireplace. Each comparable has a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$23,263 to \$29,717 or from \$18.67 to \$20.41 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven suggested equity comparables for the Board to consider. The Board gives less weight to the board of review comparables due to their smaller dwelling sizes and/or finished basement areas when compared to the subject.

The Board finds best evidence of assessment equity was submitted by the appellant. These comparables have varying degrees of similarity to the subject in age, dwelling size and other features. These comparables have improvement assessments ranging from \$18,525 to \$21,815 or from \$10.65 to \$12.68 per square foot of living area. The subject's improvement assessment of \$29,726 or \$16.93 per square foot of living area falls above the range established by the best comparables. Furthermore, the subject's assessment is excessive based on its older age, smaller garage size and/or lack of central air conditioning when compared to the comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
