

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Raul Sandoval
DOCKET NO.: 18-34444.001-R-1
PARCEL NO.: 13-14-120-008-0000

The parties of record before the Property Tax Appeal Board are Raul Sandoval, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,250
IMPR.: \$31,104
TOTAL: \$38,354

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 2,304 square feet of living area. The dwelling is approximately 102 years old. Features of the home include a full unfinished basement and a two-car garage. The property has a 5,000 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class code 2-04 dwellings of frame and masonry exterior construction ranging in size from 1,911 to 2,376 square feet of living area. The dwellings range in age from 94 to 105 years old. The comparables have full basements with one comparable

having finished area. Two comparables each have central air conditioning. One comparable has two fireplaces. Each comparable has a two-car garage. The comparables have improvement assessments ranging from \$20,702 to \$30,744 or from \$10.83 to \$13.09 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$28,017 or \$12.16 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,597. The subject property has an improvement assessment of \$36,347 or \$15.78 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with 1.5-story class 2-04 dwellings of frame, stucco or frame and masonry exterior construction ranging in size from 1,818 to 2,106 square feet of living area. The dwellings range in age from 100 to 106 years old. The comparables have full basements with three comparables having finished area. Two comparables each have central air conditioning. Two comparables each have one fireplace. Each comparable has a one-car or a two-car garage. The comparables have improvement assessments ranging from \$30,120 to \$38,121 or from \$16.09 to \$18.10 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #3 and the board of review comparables #1, #3 and #4 due to their finished basement areas when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables have varying degrees of similarity to the subject in age, dwelling size and features. These comparables have improvement assessments ranging from \$10.83 to \$16.09 per square foot of living area. The comparable at the high end of the range, board of review comparable #2, is smaller than the subject dwelling with features that include central air conditioning and one fireplace, amenities that the subject does not have, suggesting downward adjustments to this comparable would be appropriate. The subject's improvement assessment of \$15.78 per square foot of living area falls within the range established by the best comparables in this record; however the Board finds a reduction is appropriate given that the comparable with the highest assessment is superior to the subject dwelling. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
