

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Mette  
DOCKET NO.: 18-34456.001-R-1  
PARCEL NO.: 13-16-417-013-0000

The parties of record before the Property Tax Appeal Board are Michael Mette, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,343  
**IMPR.:** \$44,306  
**TOTAL:** \$50,649

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,928 square feet of living area. The dwelling is approximately 110 years old. Features of the home include a full basement with finished area, central air conditioning, one fireplace and a two-car garage. The property has a 4,375 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-06 dwellings of frame exterior construction ranging in size from 2,405 to 2,667 square feet of living area. The dwellings range in age from 106 to 110

years old. The comparables have full basements with two comparables having finished area. Each comparable has central air conditioning and a one-car or a two-car garage. The comparables have improvement assessments ranging from \$26,664 to \$34,532 or from \$11.09 to \$12.95 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$35,604 or \$12.16 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,649. The subject property has an improvement assessment of \$44,306 or \$15.13 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables two of which are located within the same neighborhood code as the subject. The comparables are improved with two-story class 2-06 dwellings of frame, masonry or stucco exterior construction ranging in size from 2,944 to 3,097 square feet of living area. The dwellings range in age from 93 to 123 years old. The comparables have full or partial basements with two comparables having finished area. Three comparables each have central air conditioning. Two comparables have either one or two fireplaces. Each comparable has a one-car or a two-car garage. The comparables have improvement assessments ranging from \$44,359 to \$84,610 or from \$15.07 to \$27.32 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the board of review comparables #2 and #3 due to their dissimilar locations when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review comparables #1 and #4. These comparables are similar to the subject in location, age and dwelling size with varying degrees of similarity in features. These comparables have improvement assessments ranging from \$26,664 to \$56,824 or from \$11.09 to \$18.58 per square foot of living area. The subject's improvement assessment of \$44,306 or \$15.13 per square foot of living area falls within the range established by the best comparables. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
