

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jozef Nowak
DOCKET NO.: 18-34727.001-R-1
PARCEL NO.: 13-26-117-005-0000

The parties of record before the Property Tax Appeal Board are Jozef Nowak, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,920
IMPR.: \$28,385
TOTAL: \$36,305

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story mixed-use building of masonry exterior construction with 4,349 square feet of building area. The building is approximately 93 years old. Features of the building include a partial unfinished basement. The property has a 4,950 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject; however, comparable #2 is a duplicate of comparable #1. The comparables are improved with class 2-12 buildings of masonry exterior construction with either 4,532 or 5,625 square feet of building area. The buildings are either 107 or 112 years old and have full or partial unfinished basements.

One comparable has a two-car garage. The comparables have improvement assessments of \$24,666 and \$33,224 or \$5.44 and \$5.91 per square foot of building area, respectively. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$24,354 or \$5.60 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,305. The subject property has an improvement assessment of \$28,385 or \$6.53 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with either class 2-11 or 2-12 three-story buildings of masonry exterior construction ranging in size from 4,191 to 4,485 square feet of building area. The buildings range in age from 98 to 109 years old and have full or partial basements with two comparables finished with basement apartments. One comparable has central air conditioning and three comparables have either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$28,708 to \$42,204 or from \$6.85 to \$9.42 per square foot of building area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #3 due to its larger dwelling size when compared to the subject. The board gives less weight to the board of review comparables #1, #2 and #3 due to their different building classification codes than the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and the board of review comparable #3. The Board finds these comparables to be similar to the subject in location, building classification, age, dwelling size and features. These comparables have improvement assessments of \$24,666 and \$28,708 or \$5.44 and \$6.85 per square foot of building area, respectively. The subject's improvement assessment of \$28,385 or \$6.53 per square foot of building area is bracketed by the two best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
