

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Piare Raju
DOCKET NO.: 18-34729.001-R-1
PARCEL NO.: 13-35-104-002-0000

The parties of record before the Property Tax Appeal Board are Piare Raju, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,567
IMPR.: \$28,800
TOTAL: \$33,367

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story mixed-use building of masonry exterior construction with 4,000 square feet of building area. The building is approximately 97 years old. Features of the building include a partial unfinished basement and a 2-car garage. The property has a 3,150 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-12 buildings of masonry exterior construction ranging in size from 4,020 to 4,474 square feet of building area. The buildings range in age from 100 to

119 years old and have partial unfinished basements. One comparable has central air conditioning and each comparable has from a 1.5-car to a 4-car garage. The comparables have improvement assessments ranging from \$25,990 to \$30,612 or from \$6.05 to \$7.30 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$26,840 or \$6.71 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,775. The subject property has an improvement assessment of \$35,208 or \$8.80 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. Comparables #1 and #2 are located in the same block as the subject. The comparables are improved with either class 2-11 or 2-12 two-story buildings of masonry exterior construction ranging in size from 3,000 to 4,246 square feet of building area. The buildings range in age from 102 to 107 years old and have full or partial unfinished basements. One comparable has central air conditioning and three comparables have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$30,300 to \$42,333 or from \$9.50 to \$11.19 per square foot of building area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #3 due to its central air conditioning when compared to the subject. The Board gives less weight to the board of review comparables due to their smaller dwelling sizes and/or different building classifications when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2 and #4. The Board finds these comparables to be similar to the subject in location, class, age, dwelling size, foundation and features. These comparables have improvement assessments ranging from \$25,990 to \$30,612 or from \$6.05 to \$7.30 per square foot of building area. The subject's improvement assessment of \$35,208 or \$8.80 per square foot of building area falls above the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is not supported. Based on this record, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
