

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Audrey Niffenegger
DOCKET NO.: 18-34736.001-R-1
PARCEL NO.: 13-23-103-017-0000

The parties of record before the Property Tax Appeal Board are Audrey Niffenegger, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,958
IMPR.: \$51,824
TOTAL: \$59,782

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,405 square feet of living area. The dwelling is approximately 110 years old. Features of the home include a full unfinished basement and a two-car garage. The property has a 4,974 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-06 dwellings of frame exterior construction ranging in size from 2,526 to 3,895 square feet of living area. The dwellings range in age from 110 to 130 years old. The comparables have full basements with three comparables having finished area.

Each comparable has central air conditioning and a two-car garage. The comparables have improvement assessments ranging from \$35,262 to \$49,694 or from \$9.05 to \$17.67 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$51,824 or \$15.22 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$81,778. The subject property has an improvement assessment of \$73,820 or \$21.68 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story class 2-06 dwellings of frame exterior construction ranging in size from 2,223 to 2,700 square feet of living area. The dwellings range in age from 115 to 130 years old. Each comparable has a full unfinished basement and a two-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$54,291 to \$60,467 or from \$22.34 to \$26.18 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4 and the board of review comparables due to their smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to the appellant's comparables #1, #2 and #3 as they are more similar to the subject in age and dwelling size with varying degrees of similarity in features. These comparables have improvement assessments ranging from \$35,262 to \$49,694 or from \$9.05 to \$17.67 per square foot of building area. The subject's improvement assessment of \$73,820 or \$21.68 per square foot of building area falls above the range established by the best comparables. Furthermore, the subject's assessment is not justified due to its inferior attributes when compared to the best comparables, such as lack of central air conditioning and an unfinished basement. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
