

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gerald M. Taranko
DOCKET NO.: 18-35049.001-R-1
PARCEL NO.: 03-18-315-010-0000

The parties of record before the Property Tax Appeal Board are Gerald M. Taranko, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,052
IMPR.: \$29,749
TOTAL: \$35,801

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,202 square feet of living area. The dwelling is approximately 33 years old. Features of the home include an unfinished partial basement, central air conditioning, a fireplace and a 2-car garage. The property has an 11,005 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located in the same neighborhood code as the subject property. The comparables have sites that range in size from 8,750 to 15,150 square feet of land area and are improved with class 2-78 dwellings of frame or frame and masonry exterior construction that range in size from 2,166 to 2,962 square feet of living area.

The homes range in age from 30 to 41 years old. Each comparable has an unfinished basement and a 2-car garage. Three comparables have central air conditioning and three comparables each have a fireplace. The comparables sold from May 2017 to September 2018 for prices ranging from \$310,000 to \$455,000 or from \$142.86 to \$153.61 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$32,075.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,801. The subject's assessment reflects a market value of \$358,010 or \$162.58 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located in the same subarea or same block as the subject property. The comparables have sites that range in size from 8,503 to 9,486 square feet of land area and are improved with two-story class 2-78 dwellings of frame or frame and masonry exterior construction that range in size from 2,155 to 2,213 square feet of living area. The homes range in age from 32 to 44 years old. Each comparable has an unfinished basement, central air conditioning and a 2-car garage. Three of the comparables have either one or two fireplaces. The comparables sold from May 2017 to August 2018 for prices ranging from \$390,000 to \$430,000 or from \$176.71 to \$199.54 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the evidence in the record did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be appellant's comparable #3 along with board of review comparables #1, #2 and #4 which are similar to the subject in location, age, design, size and most features. These comparables sold from May 2017 to August 2018 for prices ranging from \$340,000 to \$430,000 or from \$142.86 to \$199.54 per square foot of living area, including land. The subject's assessment reflects a market value of \$358,010 or \$162.58 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. The Board gave less weight to the appellant's comparables #1, #2 and #3 along with board of review comparable #3 which differ from the subject in age, dwelling size and/or site size. After considering adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
