

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Phuoc Luu
DOCKET NO.: 18-35090.001-R-1
PARCEL NO.: 13-09-302-030-0000

The parties of record before the Property Tax Appeal Board are Phuoc Luu, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,602
IMPR.: \$41,942
TOTAL: \$47,544

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 1,797 square feet of living area. The dwelling is approximately 19 years old. Features of the home include a full basement with finished area, central air conditioning, one fireplace and a 2-car garage. The property has a 4,150 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-07 dwellings of masonry exterior construction ranging in size from 1,372 to 1,979 square feet of living area. The dwellings range in age from 48 to 60

years old. Each comparable has a full basement with one comparable having finished area. One comparable has central air conditioning. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$27,755 to \$32,186 or from \$14.96 to \$21.73 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$31,717 or \$17.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,544. The subject property has an improvement assessment of \$41,942 or \$23.34 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are each located within a different neighborhood code than the subject property. The comparables are improved with two-story class 2-05 dwellings of masonry exterior construction ranging in size from 1,556 to 1,655 square feet of living area. The comparables range in age from 68 to 78 years old. The comparables have full or partial basements with one comparable having finished area. Three comparables have central air conditioning. Three comparables have either one or two fireplaces. Each comparable has a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$41,007 to \$45,596 or from \$25.90 to \$27.55 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board finds none of the comparables are truly similar to the subject in age. Nonetheless, the Board gives less weight to the appellant's comparable #3 due to its smaller dwelling size when compared to the subject. Additionally, the Board gives less weight to the board of review comparables due to their dissimilar locations and/or class when compared to the subject.

The board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2. These comparables are most similar to the subject in location with varying degrees of similarity to the subject in dwelling size and features. These comparables have improvement assessments of \$27,755 and \$32,186 or \$14.96 and \$16.26 square foot of living area, respectively. The subject's improvement assessment of \$41,942 or \$23.34 per square foot of living area falls above the assessments of the two best comparables in this record. However, the subject's assessment is justified considering its considerably newer age, finished basement area, fireplace and/or central air conditioning when compared to the comparables in this record. Based on this record and after considering adjustments to the best comparables for differences

when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
