

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Arsen Stanojevic
DOCKET NO.: 18-35107.001-R-1
PARCEL NO.: 03-34-117-014-0000

The parties of record before the Property Tax Appeal Board are Arsen Stanojevic, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,993
IMPR.: \$17,453
TOTAL: \$21,446

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,260 square feet of living area. The dwelling is approximately 67 years old. Features of the home include a crawl space foundation and a 1.5-car garage. The property has a 7,260 square foot site located in Mount Prospect, Wheeling Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,486 to 1,721 square feet of living area. The dwellings are either 56 or 63 years old. Two comparables have partial or full basements with one having finished area and one

comparable has a crawl space foundation. One comparable has one fireplace. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$18,114 to \$20,753 or from \$12.06 to \$12.52 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$15,448 or \$12.26 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,446. The subject property has an improvement assessment of \$17,453 or \$13.85 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables that are located within the same neighborhood code and block as the subject. The comparables are improved with three, 1-story and one, 1.5-story class 2-03 dwellings of frame or masonry exterior construction ranging in size from 1,100 to 1,334 square feet of living area. The dwellings range in age from 60 to 67 years old. Three comparables have full basements with one having finished area and one comparable has a crawl space foundation. Three comparables have central air conditioning. Each comparable has a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$19,213 to \$22,503 or from \$14.40 to \$19.07 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant comparables due to their newer ages and/or larger dwelling sizes when compared to the subject. The Board finds the best evidence of assessment equity to be the board of review comparables as they are located within the same block and are more similar to the subject in age and dwelling size. The Board gives greater weight to comparable #4 with an improvement assessment of \$22,503 or \$17.85 per square foot of living area as it is located on the same block and is nearly identical in dwelling size to the subject, as well as being the only comparable with the same design as the subject. The best comparables have improvement assessments ranging from \$19,213 to \$22,503 or from \$14.40 to \$19.07 per square foot of living area. The subject's improvement assessment of \$17,453 or \$13.85 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences such as full basements when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
