

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gus Karigan
DOCKET NO.: 18-35119.001-R-1
PARCEL NO.: 03-21-404-007-0000

The parties of record before the Property Tax Appeal Board are Gus Karigan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,019
IMPR.: \$20,436
TOTAL: \$26,455

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,653 square feet of living area. The dwelling is approximately 58 years old. Features of the home include an unfinished partial basement, two fireplaces and a 2-car garage. The property has a 20,064 square foot site and is located in Prospect Heights, Wheeling Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of masonry or frame and masonry exterior construction that range in size from 1,363 to 1,656 square feet of living area. The dwellings are either 60 or 61

years old. One comparable has a crawl space foundation and two comparables each have a full or partial basement, one of which has finished area. One comparable has central air conditioning. Each comparable has one or two fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$13,780 to \$17,405 or from \$10.11 to \$11.61 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$17,753 or \$10.74 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,455. The subject property has an improvement assessment of \$20,436 or \$12.36 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and block as the subject. The comparables are improved with one-story class 2-03 dwellings of frame or frame and masonry exterior construction that range in size from 1,294 to 1,589 square feet of living area. The dwellings are either 58 or 60 years old. The comparables each have a full basement, one of which has finished area. One comparable has central air conditioning. One comparable has one fireplace. Each comparable has a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$18,494 to \$26,051 or from \$12.49 to \$16.56 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparables #1 and #2 due to their smaller dwelling sizes, finished basement area and/or lack of a basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #3 and #4 which are similar to the subject in age, dwelling size and features. These comparables have improvement assessments of \$18,698 and \$26,051 or \$12.49 and \$16.39 per square foot of living area. The subject's improvement assessment of \$20,436 or \$12.36 per square foot of living area is bracketed by the improvement assessments of the two best comparables in this record on an overall basis and below them on a per square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant failed to prove by clear and convincing evidence that a reduction in the subject's assessment was justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
