

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stacey Balkansky  
DOCKET NO.: 18-35128.001-R-1  
PARCEL NO.: 13-14-314-007-0000

The parties of record before the Property Tax Appeal Board are Stacey Balkansky, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,875  
**IMPR.:** \$56,949  
**TOTAL:** \$63,824

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,521 square feet of living area. The dwelling is approximately 15 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-78 dwellings of frame or masonry exterior construction that range in size from 2,318 to 3,092 square feet of living area. The homes are 12 or 15 years

old. Each comparable has a basement with finished area, central air conditioning, one or two fireplaces and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$47,966 to \$66,333 or from \$20.69 to \$21.45 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$53,117 or \$21.07 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,824. The subject property has an improvement assessment of \$56,949 or \$22.59 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story class 2-78 dwellings of frame exterior construction that range in size from 2,136 to 2,268 square feet of living area. The homes range in age from 7 to 13 years old. Each comparable has a basement with finished area, central air conditioning and a 2-car garage. Two comparables each have one fireplace. The comparables have improvement assessments that range from \$49,332 to \$58,373 or from \$21.77 to \$26.79 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #3 along with board of review comparables #1 and #4 which differ from the subject in dwelling size and/or age.

The Board finds the best evidence of assessment equity to be the remaining comparables which are more similar to the subject in location, age, design and most features but each has a smaller dwelling size when compared to the subject. These comparables had improvement assessments that ranged from \$47,966 to \$58,373 or from \$20.69 to \$25.74 per square foot of living area. The subject's improvement assessment of \$56,949 or \$22.59 per square foot of living area falls above the overall range and within the per square foot range established by the best comparables in this record. The higher overall improvement assessment reflects the subject's larger dwelling size relative to the best comparables. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
