

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 9049 Bronx, LLC  
DOCKET NO.: 18-36544.001-R-1  
PARCEL NO.: 10-16-413-046-0000

The parties of record before the Property Tax Appeal Board are 9049 Bronx, LLC, the appellant, by attorney Spiro Zarkos, of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,654  
**IMPR.:** \$28,881  
**TOTAL:** \$32,535

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story multi-family building of masonry exterior construction with 3,312 square feet of living area. The building is approximately 67 years old. Features include four units, a full unfinished basement, and central air conditioning. The property has a 5,040 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same neighborhood code and from 495 feet to 1.5 miles from the subject property. The comparables were improved with similar class 2-11 multi-family buildings of masonry or frame exterior construction that range in size from 3,908 to 4,683 square feet of

living area. The comparables range in age from 44 to 118 years old. Each comparable has three or four units, three comparables have a full basement with two comparables having a finished apartment and one comparable having finished with a recreation room. One comparable has central air conditioning and two comparables have a two-car garage. The comparables have improvement assessments ranging from \$31,032 to \$35,090 or from \$8.60 to \$9.06 per square foot of building area. The appellant requested the improvement assessment be reduced to \$25,337 or \$7.65 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,535. The subject property has an improvement assessment of \$28,881 or \$8.72 per square foot of building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code and on the same block or within  $\frac{1}{4}$  of a mile of the subject property. The comparables are class 2-11 properties and improved with a two-story multi-family building of masonry exterior construction that range in size from 2,531 to 3,652 square feet of living area. The comparables range in age from 53 or 64 years old. Each comparable has a full basement with one comparable having a finished apartment and one comparable having a recreation room. One comparable has central air conditioning and two comparables have a two-car garage. The comparables have improvement assessments ranging from \$27,605 to \$40,615 or from \$9.80 to \$11.12 per square foot of building area. The board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables along with board of review comparable #1 as these comparables differ in dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #2 through #4. These comparables are similar in location, dwelling size and some features. These comparables had improvement assessments that ranged from \$30,047 to \$40,615 or from \$9.80 to \$11.12 per square foot of building area. The subject's improvement assessment of \$28,881 or \$8.72 per square foot of building area falls below the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this evidence the Board finds no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
