

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Theresa Maczko
DOCKET NO.: 18-36853.001-R-1
PARCEL NO.: 19-29-406-029-0000

The parties of record before the Property Tax Appeal Board are Theresa Maczko, the appellant, by attorney Mary Kate Gorman, Attorney at Law in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,767
IMPR.: \$11,305
TOTAL: \$14,072

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story, single-family residence of masonry construction with 1,104 square feet of living area. The dwelling was 42 years old. Features of the home include a full, unfinished basement, central air conditioning, and a two-car garage. The property has a 3,690 square foot site and is located in Burbank, Stickney Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts assessment inequity as a basis of the appeal. In support of this argument, the appellant submitted information on three suggested equity comparables. The appellant also asserted overvaluation as a basis of the appeal but did not present any sales comparables or other evidence regarding the market value of the subject property.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$14,072. The subject property has an improvement assessment of \$11,305 or \$10.24 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables and four suggested sales comparables.

Conclusion of Law

The taxpayer asserts assessment inequity as a basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds that the appellant *did not meet* this burden of proof, and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *the board of review's equity comparables one, two and four*. Like the subject property, these comparables have one-story, single-family residences of masonry construction with full, unfinished basements, two-car garages and 3,690-square-foot lots. The dwellings on these comparables are similar in living area size to the subject's dwelling. These comparables are on the same block as the subject property.

These comparables had improvement assessments that ranged from \$10.27 to \$12.21 per square foot of living area. The subject's improvement assessment of \$10.24 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed, and a reduction in the subject's assessment on this basis *is not* justified.

The taxpayer's appeal petition also asserted that the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the taxpayer must prove the value of the property by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e); *Winnebago County Bd. of Review v. Property Tax Appeal Bd.*, 313 Ill. App. 3d 1038, 1043 (2d Dist. 2000). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment on this basis *is not* warranted.

The appellant did not submit any comparable sales, appraisal of the subject property, recent sale of the subject property, or construction costs as evidence. In contrast, the board of review submitted four suggested sales comparables.

The Board concludes that the best evidence of the subject's market value is sales comparables one, two, and four submitted by the board of review. Two of these comparables are on the same block as the subject and the other is within ¼ mile of it. Like the subject property, these

comparables have one-story, single-family residences of masonry construction with full, unfinished basements, two-car garages, and 3,690 square foot lots. The living areas in their dwellings are very similar in size to that of the subject's dwelling.

These comparables sold between January 18, 2018, and June 14, 2018, for amounts ranging from \$148.09 to \$208.33 per square foot of living area, land included in the sale price. The subject property's assessment reflects a market value of \$140,720, land included, or \$127.46 per square foot of living area, which is below the range established by the best comparables in the record. Accordingly, the Board determines that the appellant has failed to establish by a preponderance of the evidence that the subject property was overvalued. Based on the evidence, the Board therefore finds that a reduction in the subject's assessment on this basis *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
