

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stanislaw Godzic
DOCKET NO.: 18-38131.001-R-1
PARCEL NO.: 13-05-323-032-0000

The parties of record before the Property Tax Appeal Board are Stanislaw Godzic, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,952
IMPR.: \$29,190
TOTAL: \$35,142

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 94-year-old, two-story, multi-family dwelling of masonry construction with 2,153 square feet of living area. Features of the subject include: a full unfinished basement and a two-car garage. The property has a 3,720 square foot site located in Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts overvaluation and assessment inequity in this appeal.

In support of the overvaluation argument, the appellant submitted evidence of four suggested comparable sales. The comparables were multi-family dwellings of frame construction, masonry construction or stucco. They range in size from 1,574 to 2,596 square feet of building area. They sold from May 2016 to June 2018 for prices ranging from \$104.07 to \$158.05 per square foot of

building area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The appellant also presented evidence on seven equity comparables in support of the assessment inequity argument. The improvements ranged in improvement assessment from \$11.67 to \$12.68 per square foot of living area.

The "Board of Review Notes on Appeal" disclosed the total assessment for the subject of \$35,142. The subject property has an improvement assessment of \$29,190 or \$13.56 per square foot of living area. The subject's assessment reflects a market value of \$351,420 or \$163.22 per square foot of living area, including land, when applying the assessment level of 10% as established by the Cook County Real Property Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables. They are improved with a two-story, multi-family dwelling of masonry construction, located within a block of the subject. The improvements ranged: in size from 1,936 to 2,176 square feet of living area; in age from 88 to 94 years; and in assessment from \$13.78 to \$16.17 per square foot.

In support of its contention of the correct assessment the board of review also submitted four suggested comparable sales. The improvements are described two-story, multi-family dwellings of frame construction or masonry construction, located within the subarea as the subject. The improvements ranged: in size from 1,799 to 2,347 square feet of living area; in age from 70 to 93 years They sold from January 2015 to August 2016 for prices ranging from \$181.78 to \$226.41 per square foot of building area, including land.

Conclusion of Law

The taxpayer asserts assessment inequity as a basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds that the appellant did not meet this burden of proof, and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparables #2, #5 and #6 and the board of review comparables #1, #2 and #4*. These comparables had improvement assessments that ranged from \$11.67 to \$16.17 per square foot of living area. The subject's improvement assessment of \$13.56 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed, and a reduction in the subject's assessment on this basis is not justified.

The taxpayer's appeal also asserted that the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the

property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *has not met* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board concludes that the best evidence of the subject's market value is the appellant's sales comparable #3 and #4 and the board of review's comparable #2. These suggested comparables sold between January 2015 and February 2017, for amounts ranging from \$104.07 to \$190.74 per square foot of living area, land included. The subject property's assessment reflects a market value of \$351,420 or \$163.22 per square foot of living area, including land, which is within the range established by the best comparables in the record. Based on this record the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
