

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andreas Vlahos
DOCKET NO.: 18-38163.001-R-1
PARCEL NO.: 12-11-301-035-0000

The parties of record before the Property Tax Appeal Board are Andreas Vlahos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,250
IMPR.: \$22,363
TOTAL: \$28,613

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,388 square feet of living area. The dwelling is approximately 57 years old. Features of the home include an unfinished full basement and a one-car garage. The property has a 5,000 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables located within the same neighborhood code as the subject property and within 0.17 of a mile from the subject property. The comparables are improved with class 2-03, one-story dwellings of masonry exterior construction ranging in size from 1,288 to 1,512 square feet of

living area. The dwellings range in age from 57 to 59 years old. Each comparable has an unfinished full basement and central air conditioning. Five comparables have either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$19,333 to \$22,718 or from \$14.11 to \$15.19 per square foot of living area. Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$20,643 or \$14.87 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,613. The subject property has an improvement assessment of \$22,363 or \$16.11 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same neighborhood code and the same block as the subject. The comparables are improved with class 2-03, one-story dwellings of masonry exterior construction ranging in size from 1,154 to 1,343 square feet of living area and are either 58 or 59 years old. Each dwelling has a full basement, three of which have finished area, central air conditioning, and a one-car or a two-car garage. One comparable has a fireplace. The comparables have improvement assessments ranging from \$21,819 to \$24,112 or from \$17.16 to \$18.91 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparable #5 for the lack of a garage and to board of review comparables #2 through #4 due to smaller dwelling sizes and/or superior finished basement area when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are most similar to the subject in dwelling size, age, and/or have an unfinished basement area. These six comparables have improvement assessments ranging from \$19,333 to \$23,051 or from \$14.11 to \$17.16 per square foot of living area. The subject's improvement assessment of \$22,363 or \$16.11 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
