

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marla Roesimeier
DOCKET NO.: 18-38185.001-R-1
PARCEL NO.: 12-14-103-038-0000

The parties of record before the Property Tax Appeal Board are Marla Roesimeier, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,517
IMPR.: \$35,678
TOTAL: \$43,195

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 2,051 square feet of living area. The dwelling is approximately 31 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace, and a 2-car garage. The property has a 6,014 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on seven equity comparables located within the same neighborhood code as the subject property. The comparables are improved with one-story dwellings of frame or masonry exterior construction ranging in size from 1,847 to 2,753 square feet of living area. The dwellings range in age from

34 to 60 years old. One comparable has a concrete slab foundation, and six comparables each have a partial or a full basement, two of which have finished area. Six comparables each have central air conditioning, three comparables each have a fireplace, and each comparable has either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$28,669 to \$41,594 or from \$14.85 to \$16.70 per square foot of living area. Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$32,539 or \$15.86 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,195. The subject property has an improvement assessment of \$35,678 or \$17.40 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same neighborhood code and same block as the subject. The comparables are improved with one-story dwellings of masonry exterior construction with 1,794 square feet of living area. Each dwelling is 34 years old, has an unfinished full basement, central air conditioning, a fireplace, and a two-car garage. The comparables have improvement assessments ranging from \$32,005 to \$38,762 or from \$17.84 to \$21.61 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eleven comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #3 through #7 due to differences from the subject in dwelling size, age, finished basement area, and/or lack of a basement.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2 as well as the board of review comparables which are overall more similar to the subject in dwelling size, age, and also have a full unfinished basement, like the subject. These six comparables have improvement assessments ranging from \$31,032 to \$38,762 or from \$16.51 to \$21.61 per square foot of living area. The subject's improvement assessment of \$35,678 or \$17.40 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
