

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stratis Anastasiadis  
DOCKET NO.: 18-38318.001-R-1  
PARCEL NO.: 09-25-424-033-0000

The parties of record before the Property Tax Appeal Board are Stratis Anastasiadis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,062  
**IMPR.:** \$45,257  
**TOTAL:** \$50,319

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story multi-family dwelling of masonry exterior construction with 3,454 square feet of building area. The dwelling is approximately 56 years old. Features of the home include an unfinished basement. The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story or 3-story class 2-11 multi-family dwellings of frame or masonry exterior ranging in size from 5,000 to 5,131 square feet of building area. The buildings range in age from 54 to 64 years old. Three comparables are reported to have a basement with two

finished with apartments and one comparable has a crawl space foundation. The comparables have improvement assessments ranging from \$60,135 to \$61,857 and from \$11.72 to \$12.27 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$41,545 or \$12.03 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,319. The subject property has an improvement assessment of \$45,257 or \$13.10 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story or 3-story multi-family class 2-11 buildings of masonry exterior construction ranging in size from 3,085 to 3,949 square feet of building area. The buildings range in age from 47 to 58 years old. Three comparables are reported to each have a basement with two finished with apartments and one comparable has a concrete slab foundation. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$41,197 to \$53,347 or from \$13.31 to \$13.75 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds none of the comparables in this record are 1-story buildings, like the subject. Nevertheless, the Board gives less weight to the appellant's comparables which are considerably larger buildings, over 44% larger, when compared to the subject. The Board also gives less weight to board of review comparables #1 and #2 due to differences in garage amenity or foundation type when compared to the subject. The two remaining board of review comparables have varying degrees of similarity to the subject in location, age, dwelling size, and other features. These comparables have improvement assessments of \$49,833 and \$51,480 or for \$13.31 and \$13.75 per square foot of building area. The subject property's improvement assessment of \$45,257 or \$13.10 per square foot of building area falls below the improvement assessments of the two best comparables in this record. Based on this record and after considering appropriate adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
