

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Betty Athanasopoulos  
DOCKET NO.: 18-38546.001-R-1  
PARCEL NO.: 10-33-111-001-0000

The parties of record before the Property Tax Appeal Board are Betty Athanasopoulos, the appellant, by attorney Spiro Zarkos, of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,187  
**IMPR.:** \$43,401  
**TOTAL:** \$48,588

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 3,278 square feet of living area. The dwelling is approximately 49 years old. Features of the home include a crawl-space foundation, central air conditioning, one fireplace and a 2.5-car garage. The property has 5,928 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on four equity comparables located in the same neighborhood code as the subject and from 0.05 to 1.6 miles from the subject. The comparables were improved with two-story class 2-78 dwellings of masonry or frame and masonry exterior construction that range in age from 40 to 61 years old. Each comparable has either a partial or full basement, with two having finished area, central air conditioning and either a 1-car, 1.5-car or 2-car garage. Three comparables each have

one fireplace. The dwellings range in size from 3,072 to 3,476 square feet of living area and have improvement assessments ranging from \$39,782 to \$44,464 or from \$12.72 to \$12.96 square feet of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$42,122 or \$12.85 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,588. The subject property has an improvement assessment of \$43,401 or \$13.24 per square feet of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code and within the same block as subject. The comparables were improved with two-story class 2-78 dwellings of masonry exterior construction that range in age from 45 to 49 years old. Each comparable has a partial basement, two of which has finished area, central air conditioning and a 2-car garage. Three comparables each have one fireplace. The dwellings range in size from 2,948 to 3,411 square feet of living area and have improvement assessments that ranged from \$42,014 to \$49,693 or from \$13.25 to \$15.20 per square feet of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2, #3, and #4 along with the board of review comparables #3 and #4 due to their differences from the subject in location, age and/or they have finished basement, something that the subject lacks.

The Board finds that the best evidence of assessment equity to be the appellant's comparable #1 along with the board of review comparables #1 and #2. These comparables are most similar in location, age, dwelling size, foundation type and some features. These comparables have improvement assessments ranging from \$40,548 to \$49,693 or from \$12.72 to \$14.95 per square foot of living area. The subject's improvement assessment of \$43,401 or \$13.24 per square foot of living area, falls within the range established by the best comparables contained in the record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
