

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daytona Holdings, LLC
DOCKET NO.: 18-38907.001-R-1
PARCEL NO.: 29-30-116-055-0000

The parties of record before the Property Tax Appeal Board are Daytona Holdings, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,364
IMPR.: \$3,840
TOTAL: \$5,204

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 972 square feet of living area. The dwelling is approximately 45 years old. Features of the home include a concrete slab foundation. The property has a 4,960 square foot site located in Hazel Crest, Thornton Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-02 dwellings of frame exterior construction ranging in size from 713 to 974 square feet of living area and in age from 95 to 124 years old. One comparable has a full basement with finished area and two comparables have either a crawl

space or concrete slab foundation. One comparable has one fireplace. The comparables have improvement assessments ranging from \$1,934 to \$2,207 or from \$1.99 to \$2.84 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$2,323 or \$2.39 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$5,204. The subject property has an improvement assessment of \$3,840 or \$3.95 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with one-story class 2-02 or class 2-03 dwellings of frame exterior construction with either 972 or 1,045 square feet of living area and ranging in age from 43 to 45 years old. Each comparable has a concrete slab or crawl space foundation. One comparable has central air conditioning. One comparable has one fireplace. Three comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$3,900 to \$5,094 or from \$4.01 to \$5.24 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparable #4 due to their older ages and/or dissimilar dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2 and #3 which are identical or nearly identical to the subject in age and dwelling size with varying similarity in features. Two comparables each have a garage which the subject lacks. Nevertheless, these comparables have improvement assessments ranging from \$3,900 to \$5,094 or from \$4.01 to \$5.24 per square foot of living area. The subject's improvement assessment of \$3,840 or \$3.95 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
