

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marion Bunyea
DOCKET NO.: 18-38912.001-R-1
PARCEL NO.: 06-34-101-013-0000

The parties of record before the Property Tax Appeal Board are Marion Bunyea, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,821
IMPR.: \$31,724
TOTAL: \$33,545

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,586 square feet of living area. The dwelling is approximately 25 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace and a two-car garage. The property has a 3,311 square foot site and is located in Bartlett, Hanover Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-95 dwellings of frame exterior construction ranging in size from 2,451 to 2,877 square feet of living area and are each 22 years old. The comparables

each have a full basement, two of which have finished area. Each comparable has central air conditioning and a two-car garage. One comparable has one fireplace. The comparables have improvement assessments ranging from \$25,689 to \$28,024 or from \$9.74 to \$10.63 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$26,532 or \$10.26 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,545. The subject property has an improvement assessment of \$31,724 or \$12.27 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code, block and street as the subject property. The comparables are improved with one-story or two-story class 2-95 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,716 to 2,377 square feet of living area and are each 25 years old. Each comparable has an unfinished full basement, central air conditioning, one fireplace and a two-car garage. The comparables have improvement assessments ranging from \$23,804 to \$30,634 or from \$12.89 to \$13.87 square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 as well as the board of review comparables #3 and #4 due to their finished basement areas and/or smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' three remaining comparables which are similar to the subject in age, dwelling size and features. These comparables have improvement assessments ranging from \$26,063 to \$30,634 or from \$10.63 to \$12.99 per square foot of dwelling area. The subject property's improvement assessment of \$31,724 or \$12.27 falls above the range established by the best comparables in this record on an overall basis but within the range on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
