

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: VPP Holdings, LLC
DOCKET NO.: 18-38927.001-R-1
PARCEL NO.: 31-03-201-114-0000

The parties of record before the Property Tax Appeal Board are VPP Holdings, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$945
IMPR.: \$5,017
TOTAL: \$5,962

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,234 square feet of living area. The dwelling is approximately 44 years old. Features of the property include a concrete slab foundation and central air conditioning. The property has a 1,260 square foot site and is located in Country Club Hills, Rich Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located in the same neighborhood code as the subject. In addition, two comparables are located in the same block as the subject. The comparables are improved with class 2-95 dwellings of frame exterior construction ranging in size from 1,306 to 1,823 square

feet of living area and are either 39 or 45 years old. Each comparable has a concrete slab foundation and a one-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$4,071 to \$5,419 and from \$2.97 to \$3.17 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$3,813 or \$3.09 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$5,962. The subject property has an improvement assessment of \$5,017 or \$4.07 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code, block and street as the subject property. The comparables are improved with two-story class 2-95 dwellings of frame exterior construction ranging in size from 1,023 to 1,200 square feet of living area and in age from 40 to 45 years old. Each comparable has a concrete slab foundation and central air conditioning. Two comparables each have a one-car garage. The comparables have improvement assessments ranging from \$4,685 to \$4,894 or from \$4.08 to \$4.58 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as well as the board of review comparables #3 and #4 due to their dissimilar dwelling sizes and/or garages which the subject lacks.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #2 which are similar to the subject in age, dwelling size and features as well as being located on the same block and street as the subject. These comparables each have an improvement assessment of \$4,894 or \$4.16 and \$4.08 per square foot of living area, respectively. The subject's improvement assessment of \$5,017 or \$4.07 per square foot of living area falls above the assessments of the two best comparables in this record on an overall basis but below these assessments on a per square foot basis. The subject's assessment is logical considering its larger dwelling size when compared to the two best comparables. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
