

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: VPP Holdings, LLC  
DOCKET NO.: 18-38928.001-R-1  
PARCEL NO.: 31-03-203-131-0000

The parties of record before the Property Tax Appeal Board are VPP Holdings, LLC, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,073  
**IMPR.:** \$4,872  
**TOTAL:** \$5,945

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 1,207 square feet of living area. The dwelling is approximately 38 years old. Features of the home include a concrete slab foundation, central air conditioning and a one-car garage. The property has a 1,431 square foot site and is located in Country Club Hills, Rich Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-95 dwellings of frame exterior construction with either 1,589 or 1,704 square feet of living area and are each 38 years old. The comparables each have a

concrete slab foundation and a one-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$4,964 to \$5,534 or from \$3.12 to \$3.25 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$3,874 or \$3.21 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$5,945. The subject property has an improvement assessment of \$4,872 or \$4.04 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code as the subject property. In addition, one comparable is located on the same block as the subject. The comparables are improved with two-story class 2-95 dwellings of frame or frame and masonry exterior construction dwellings ranging in size from 1,230 to 1,342 square feet of living area and in age from 39 to 47 years old. One comparable has a partial basement with finished area and three comparables each have a concrete slab foundation. Each comparable has central air conditioning. Three comparables each have a one-car garage. The comparables have improvement assessments ranging from \$5,042 to \$5,787 or from \$4.05 to \$4.31 square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparable #4 due to their larger dwelling sizes, basement foundation and/or lack of a garage when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2 and #3 which are similar to the subject in age, dwelling size and features. These comparables have improvement assessments ranging from \$5,289 to \$5,787 or from \$4.05 to \$4.31 per square foot of dwelling area. The subject property's improvement assessment of \$4,872 or \$4.04 falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
