

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chicagoland Real Estate Group, LLC  
DOCKET NO.: 18-38974.001-R-1  
PARCEL NO.: 20-28-309-010-0000

The parties of record before the Property Tax Appeal Board are Chicagoland Real Estate Group, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,780  
**IMPR.:** \$12,152  
**TOTAL:** \$15,932

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story building of masonry exterior construction with 2,964 square feet of building area. The building is approximately 115 years old. Features of the subject property include an unfinished full basement, two fireplaces and a 2.5-car garage. The property has a 5,040 square foot site located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are each improved with a class 2-11 building of masonry exterior construction ranging from 4,582 to 5,475 square feet of building area and in age from 105 to 118 years old.

The comparables each have a full basement, two of which are each finished with an apartment. One comparable has a 3-car garage. The comparables have improvement assessments ranging from \$13,553 to \$15,278 or from \$2.79 to \$3.07 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$8,596 or \$2.90 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,932. The subject property has an improvement assessment of \$12,152 or \$4.10 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code as the subject property, two of which are also located in the same block and/or street as the subject. The comparables are improved with class 2-11 buildings of masonry exterior construction ranging in size from 2,732 to 2,954 square feet of building area and are each 115 years old. The comparables each have a full basement, one of which has finished area. The comparables have improvement assessments ranging from \$12,339 to \$13,985 or from \$4.44 to \$5.07 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are relatively similar to the subject in age, dwelling size and features. However, each of these comparables lacks a garage and a fireplace which are features of the subject. Nevertheless, these comparables have improvement assessments ranging from \$12,339 to \$13,985 or from \$4.44 to \$5.07 per square foot of building area. The subject property's improvement assessment of \$12,152 or \$4.10 per square foot of building area below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
