

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chicagoland Real Estate Group, LLC
DOCKET NO.: 18-39008.001-R-1
PARCEL NO.: 20-08-405-043-0000

The parties of record before the Property Tax Appeal Board are Chicagoland Real Estate Group, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,552
IMPR.: \$5,922
TOTAL: \$8,474

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story building of masonry exterior construction with 2,550 square feet of building area. The building is approximately 130 years old. Features of the building include an unfinished full basement. The property has a 3,928 square foot site located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-11 buildings of masonry exterior construction ranging in size from 2,152 to 3,411 square feet of building area and in age from 51 to 108 years old. Each comparable has an unfinished full basement and two comparables have either a two-car or a

three-car garage. The comparables have improvement assessments ranging from \$3,323 to \$5,694 or from \$1.54 to \$1.67 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$4,080 or \$1.60 per square foot of building area.

The board of review submitted two "Board of Review Notes on Appeal" forms.¹ One of the Notes forms disclosed that the subject has a total assessment of \$8,474 which comports with the Cook County final decision for 2018 supplied by the appellant. The subject property has an improvement assessment of \$5,922 or \$2.32 per square foot of building area. The second Notes form provided assessment information for a different property than the subject but included information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with two-story class 2-11 buildings of masonry exterior construction ranging in size from 2,208 to 2,664 square feet of building area and in age from 94 to 110 years old. Each comparable has an unfinished full basement and either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$6,573 to \$7,607 or from \$2.77 to \$2.98 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record does not support a reduction in the subject's assessment.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparable #1 due to their significantly newer age and/or dissimilar dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #2, #3 and #4 which are relatively similar to the subject in age, building size and features. However, each comparable has a garage which the subject lacks. Nevertheless, these comparables have improvement assessments ranging from \$7,272 to \$7,607 or from \$2.77 to \$2.95 per square foot of building area. The subject property's improvement assessment of \$5,922 or \$2.32 per square foot of building area falls below the range established by the best comparables in this record. The subject's assessment is logical considering its older age when compared to the best comparables. After considering adjustments to the best comparables for differences from the subject, the Board finds the record does not demonstrate with clear and

¹One of the "Board of Review Notes on Appeal" forms indicates that the subject is a multi-improvement property. Supplement printouts provided by the board of review did not provide information on the other improvement(s) but did provide detail on the property's two lots which totaled the lot size provided by both parties. This discrepancy did not impact the Board's decision.

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
