

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Waldemar Mazur  
DOCKET NO.: 18-39016.001-R-1  
PARCEL NO.: 10-26-313-042-0000

The parties of record before the Property Tax Appeal Board are Waldemar Mazur, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,392  
**IMPR.:** \$22,375  
**TOTAL:** \$29,767

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,382 square feet of living area. The dwelling is approximately 59 years old. Features of the home include a partial basement with finished area, central air conditioning and a 1-car garage. The property has an 8,449 square foot site located in Lincolnwood, Niles Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-34 dwellings of masonry exterior construction that range in size from 1,522 to 1,887 square feet of living area and are either 57 or 61 years old. Each

comparable has a partial basement with finished area, one comparable has central air conditioning and one comparable has a 1.5-car garage. The comparables have improvement assessments ranging from \$20,938 to \$24,770 or from \$12.55 to \$13.76 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$18,173 or \$13.15 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,767. The subject property has an improvement assessment of \$22,375 or \$16.19 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. In addition, two of these comparables are located in the same block as the subject. The comparables are improved with multi-level class 2-34 dwellings of frame and masonry exterior construction that range in size from 1,168 to 1,368 square feet of living area and are either 58 or 59 years old. Each comparable has a partial basement with finished area and central air conditioning. One comparable has one fireplace and two comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$19,038 to \$24,253 or from \$16.30 to \$20.23 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 due to their smaller dwelling sizes when compared to the subject,

The Board finds the best evidence of assessment equity to be the parties' three remaining comparables which are relatively similar to the subject in age, dwelling size and features. However, one comparable lacks central air conditioning and two comparable each lacks a garage which are both features of the subject. Nevertheless, these comparables have improvement assessments ranging from \$20,938 to \$24,253 or from \$13.76 to \$20.23 per square foot of living area. The subject's improvement assessment of \$22,375 or \$16.19 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
