

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lawrence Cohen
DOCKET NO.: 18-39040.001-R-1
PARCEL NO.: 10-21-213-042-0000

The parties of record before the Property Tax Appeal Board are Lawrence Cohen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,045
IMPR.: \$31,985
TOTAL: \$36,030

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,345 square feet of living area. The dwelling is approximately 67 years old. Features of the home include an unfinished partial basement, central air conditioning and a two-car garage. The property has a 5,580 square foot site located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-06 dwellings of frame and masonry exterior construction that range in size from 2,698 to 3,238 square feet of living area and are either 64 or 67 years old.

The comparables each have a partial basement, one of which has finished area. Each comparable has central air conditioning and a two-car or a three-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$25,969 to \$41,015 or from \$9.63 to \$13.07 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$27,648 or \$11.79 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,030. The subject property has an improvement assessment of \$31,985 or \$13.64 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-78 dwellings of frame and masonry exterior construction that range in size from 2,273 to 2,490 square feet of living area and are each 62 years old. The comparables each have a full basement, one of which has finished area. Three comparables each have central air conditioning, one comparable has one fireplace and two comparables each have a two-car garage. The comparables have improvement assessments ranging from \$32,621 to \$36,893 or from \$13.84 to \$16.22 per square foot of living area. Based on the foregoing evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record does not support a reduction in the subject's assessment.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to the board of review comparables which are similar to the subject in dwelling size, basement and some features. These comparables have improvement assessments ranging from \$32,621 to \$36,893 or from \$13.84 to \$16.22 per square foot of living area. The subject's improvement assessment of \$31,985 or \$13.64 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
