

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Subia Javed  
DOCKET NO.: 18-39045.001-R-1  
PARCEL NO.: 10-21-207-030-0000

The parties of record before the Property Tax Appeal Board are Subia Javed, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$938  
**IMPR.:** \$15,783  
**TOTAL:** \$16,721

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 1,070 square feet of living area. The dwelling is approximately 61 years old. Features of the home include an unfinished full basement and central air conditioning. The property has a 1,295 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same neighborhood code as the subject. The comparables are each improved with a class 2-95 dwelling of masonry exterior construction with 1,290 square feet of living area that is 59 years old. Each comparable has a full unfinished basement and

central air conditioning. The comparables have improvement assessments of \$16,940 or \$16,969 and either \$13.13 or \$13.15 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$14,071 or \$13.15 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,721. The subject property has an improvement assessment of \$15,783 or \$14.75 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code, block and street as the subject property. The comparables are each improved with a two-story class 2-95 dwelling of masonry construction with 1,070 square feet of living area that is 61 years old. Each comparable has an unfinished full basement and central air conditioning. The comparables each have an improvement assessment of \$16,585 or \$15.50 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record does not support a reduction in the subject's assessment.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which have dissimilar ages and dissimilar dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are located on the same block and street as the subject property and are identical to the subject in age, dwelling size and amenities. These comparables each have an improvement assessment of \$16,585 or \$15.50 per square foot of living area. The subject property's improvement assessment of \$15,783 or \$14.75 per square foot of living area falls below the assessments of the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
