

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Suja King
DOCKET NO.: 18-39047.001-R-1
PARCEL NO.: 10-22-327-010-0000

The parties of record before the Property Tax Appeal Board are Suja King, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,822
IMPR.: \$44,848
TOTAL: \$48,670

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story building of masonry exterior construction with 5,606 square feet of building area. The building is approximately 40 years old. Features of the subject property include a concrete slab foundation, central air conditioning and a 2-car garage. The property has a 5,272 square foot site located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with class 2-11 buildings of masonry exterior construction that range in size from 4,683 to 5,542 square feet of building area that are either 40 or 44 years old. Each

comparable has a concrete slab foundation, central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$35,090 to \$44,336 or from \$7.49 to \$8.00 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$43,783 or \$7.81 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,456. The subject property has an improvement assessment of \$47,634 or \$8.50 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with two-story or three-story class 2-11 buildings of masonry exterior construction that range in size from 4,784 to 7,740 square feet of building area and in age from 60 to 89 years old. Each comparable has a concrete slab foundation, one comparable has central air conditioning and three comparables have either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$42,386 to \$62,445 or from \$8.07 to \$9.38 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and the board of review comparables due to their dissimilar dwelling sizes and/or older ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 which are similar to the subject in age, dwelling size and features. These comparables have improvement assessments of \$42,426 and \$44,336 or \$7.93 and \$8.00 per square foot of building area, respectively. The subject property's improvement assessment of \$47,634 or \$8.50 per square foot of building area falls above the assessments of the two best comparables in this record and is not supported. Based on this record, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
