

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Abdullah Mahmud
DOCKET NO.: 18-39053.001-R-1
PARCEL NO.: 10-20-416-042-0000

The parties of record before the Property Tax Appeal Board are Abdullah Mahmud, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,495
IMPR.: \$56,973
TOTAL: \$61,468

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 4,087 square feet of living area. The dwelling is approximately 10 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace and a two-car garage. The property has a 6,200 square foot site and is located in Morton Grove, Niles Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with class 2-08 dwellings of masonry exterior construction ranging in size from 4,358 to 4,624 square feet of living area and are either 10 or to 45 years old. Each

comparable has an unfinished full basement, central air conditioning, one or two fireplaces and a two-car garage. The comparables have improvement assessments ranging from \$47,401 to \$54,794 or from \$10.81 to \$12.56 per square foot of living area. Based on this evidence, the appellant requested that the subject's total improvement assessment be reduced to \$47,981 or \$11.74 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$61,468. The subject property has an improvement assessment of \$56,973 or \$13.94 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with two-story class 2-78 dwellings of masonry exterior construction ranging in size from 3,560 to 3,799 square feet of living area and are either 4 or 10 years old. The comparables each have a full basement, two of which have finished area. Each comparable has central air conditioning and one fireplace. Two comparables each have a two-car garage. The comparables have improvement assessments ranging from \$50,979 to \$54,288 or from \$14.29 to \$14.40 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 due to its older age when compared to the subject. The Board also gives less weight to the board of review comparables due to their finished basement areas or lack of a garage when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and #3 which are similar to the subject in age, dwelling size and features. These comparables have improvement assessments of \$11.85 and \$12.56 per square foot of living area. The subject's improvement assessment of \$13.94 falls above the assessments of the two best comparables in this record on a per square foot basis. Furthermore due to economies of scale, accepted real estate valuation theory provides, all other factors being equal, as the size of a property increases, its per unit value decreases. Likewise, as the size of a property decreases, its per unit value increases. Due to its smaller size, the subject's estimated market value as reflected by its assessment is well supported by a preponderance of the credible market evidence contained on this record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
