

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Howard & Barbara Pomper  
DOCKET NO.: 18-39065.001-R-1  
PARCEL NO.: 10-09-200-062-0000

The parties of record before the Property Tax Appeal Board are Howard & Barbara Pomper, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,392  
**IMPR.:** \$11,869  
**TOTAL:** \$14,261

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story townhome of masonry exterior construction with 1,055 square feet of living area. The home is approximately 58 years old. Features of the home include a full basement with finished area and central air conditioning. The property has a 1,018 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables located in the same neighborhood code, in the same block and along the same street as the subject. Each comparable is improved with a class 2-95 townhome of masonry exterior construction with either 1,055 or 1,084 square feet of living area and that is either 58 or 59 years

old. Each comparable has a full basement with finished area and central air conditioning. The comparables have improvement assessments ranging from \$8,923 to \$8,985 or from \$8.23 to \$8.52 per square foot of living area. Based on this evidence, the appellants requested that the subject's improvement assessment be reduced to \$8,904 or \$8.44 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$14,261. The subject property has an improvement assessment of \$11,869 or \$11.25 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code, in the same block and along the same street as the subject. Each comparable is improved with a two-story class 2-95 townhome of masonry exterior construction with either 1,052 or 1,055 square feet of living area and that is either 58 or 59 years old. The comparables each have a full basement, one of which has finished area. Each comparable has central air conditioning. The comparables have improvement assessments ranging from \$13,648 to \$13,718 and that are either \$12.97 or \$13.00 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the parties' comparables are identical or nearly identical to the subject in location, design, age, dwelling size and features. These comparables have improvement assessments ranging from \$8,923 to \$13,718 or from \$8.23 to \$13.00 per square foot of living area. The subject's improvement assessment of \$11,869 or \$11.25 per square foot of living area falls within the range established by the comparables in the record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
