

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vasilis Ninis
DOCKET NO.: 18-39226.001-R-1
PARCEL NO.: 03-27-403-038-0000

The parties of record before the Property Tax Appeal Board are Vasilis Ninis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,791
IMPR.: \$44,209
TOTAL: \$47,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of masonry construction with 6,121 square feet of living area. The dwelling was constructed in 1972 and features a full basement, that has two finished apartments, and sleeve air conditioning. The property has a 9,306 square foot site and is located in Mount Prospect, Wheeling Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$470,000 as of January 1, 2016.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,000. The subject's assessment reflects a market value of \$500,000 or \$81.69 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties that were located in a different neighborhood code as the subject property. The comparables had lots ranging in size from 3,278 to 14,813 square feet of land area that were improved with similar class 2-11 dwellings of masonry or frame and masonry construction. The dwellings ranged in size from 5,304 to 6,405 square feet of living area and ranged in age from 38 to 54 years old. Three comparables had slab foundations and one had a partial basement that was unfinished. The comparables had other features with varying degrees of similarity to the subject. Comparable #4 sold in September 2015 for \$690,000 or \$130.90 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant estimating the subject property had a market value of \$470,000 as of January 1, 2016. The subject's assessment reflects a market value of \$500,000 or \$81.69 per square foot of living area, including land, which is above the appraised value. The Board recognizes that the appellant's appraisal's effective date occurred 24 months prior to the January 1, 2018 assessment date at issue. However, the Board finds the appraisal included four sales from 2016, which are more likely to be indicative of fair market value as of the January 1, 2018 assessment date at issue than the 2015 sale submitted by the board of review. The Board further finds that the board of review's remaining comparables lacked sales data, which would be necessary to address the appellant's overvaluation argument and are to be given less weight. Based on this evidence the Board finds a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
