

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alexandra Stolis
DOCKET NO.: 18-39237.001-R-1
PARCEL NO.: 27-34-216-014-0000

The parties of record before the Property Tax Appeal Board are Alexandra Stolis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,882
IMPR.: \$24,118
TOTAL: \$30,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry construction with 2,250 square feet of living area. The dwelling is 31 years old. Features of the home include a finished partial basement, central air conditioning, a fireplace and an attached 2-car garage. The property has a 12,384 square foot site and is located in Tinley Park, Orland Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with 2-story dwellings of masonry or frame and masonry construction ranging in size from 2,466 to 2,769 square feet of living area. The dwellings range in age from

16 to 31 years old. Five comparables have full or partial basements, one of which is finished, and one comparable has a crawl-space foundation. The comparables have central air conditioning, a fireplace and an attached 2-car or 3-car garage. The comparables have improvement assessments ranging from \$24,190 to \$26,902 or from \$9.27 to \$9.95 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,000. The subject property has an improvement assessment of \$24,118 or \$10.72 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with 2-story dwellings of frame and masonry construction ranging in size from 2,084 to 2,250 square feet of living area. The dwellings are 31 years old. The comparables have unfinished full or partial basements, central air conditioning, a fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$23,612 to \$25,785 or from \$11.20 to \$11.58 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 10 equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their differences in foundation type or dwelling size, when compared to the subject. The Board finds the board of review's comparables are similar to the subject in location, building classification, foundation type, age, size and features. The best comparables have improvement assessments ranging from \$23,612 to \$25,785 or from \$11.20 to \$11.58 per square foot of living area. The subject's improvement assessment of \$24,118 or \$10.72 per square foot of living area falls within the range established by the best comparables in the record on a total improvement assessment basis but below the range on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is well supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
