

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 2024-2026 N. Howe Street Condominium
DOCKET NO.: 18-39360.001-R-2 through 18-39360.003-R-2
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are 2024-2026 N. Howe Street Condominium, the appellant(s), by attorney Kevin B. Hynes, of O'Keefe Lyons & Hynes, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
18-39360.001-R-2	14-33-127-012-1003	11,446	25,554	\$ 37,000
18-39360.002-R-2	14-33-127-012-1005	11,446	25,054	\$ 36,500
18-39360.003-R-2	14-33-127-012-1006	11,446	25,054	\$ 36,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) after receiving a decision from the Cook County Board of Review. The instant appeal challenges the assessment for tax year 2018. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

Findings of Fact

The subject consists of three condominium units with a 49.95% total ownership interest in the common elements. The property is located in North Chicago Township, Cook County. The subject units are all classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted one appraisal for each of the three subject units. The first appraisal estimates that the unit with the PIN ending in -1003 had a market value of \$370,000 as of January 1, 2018, and also states that this unit is owner-occupied. The second appraisal estimates that the unit with the PIN ending in -1005 had a market value of \$365,000 as of January 1, 2018, and also states that this unit is owner-occupied. The third appraisal estimates that the unit with the PIN ending

in -1006 had a market value of \$365,000 as of January 1, 2018, and also states that this unit is owner-occupied. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$110,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing that the total assessment for the subject is \$222,015. The subject's assessment reflects a market value of \$2,220,150 when applying the 2018 statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted a condominium analysis showing that one unit in the subject's building, or 16.75% of ownership in the common elements, sold in June 2018 for a price of \$744,500. The board of review deducted 5.00% from the sale price to account for personal property. The sales price, less the personal property deduction, was then divided by the percentage of ownership interest in the common elements of the unit sold to arrive at a total market value for the building of \$4,222,537.

In rebuttal, the appellant argued that the board of review's evidence should be given no weight.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proven by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof, and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisals submitted by the appellant. The subject units' assessments reflect a market value above the best evidence of market value in the record. The Board finds the unit with the PIN ending in -1003 had a market value of \$370,000 as of the assessment date at issue. The Board finds the unit with the PIN ending in -1005 had a market value of \$365,000 as of the assessment date at issue. The Board finds the unit with the PIN ending in -1006 had a market value of \$365,000 as of the assessment date at issue. Therefore, based on this record, the Board finds the appellant has proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment is warranted. Since market value has been established, the 2018 statutory level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.00% shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
