

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patrick & Patricia A. Reynolds
DOCKET NO.: 18-39638.001-R-1
PARCEL NO.: 02-12-307-004-0000

The parties of record before the Property Tax Appeal Board are Patrick & Patricia A. Reynolds, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,498
IMPR.: \$32,509
TOTAL: \$40,007

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,509 square feet of living area. The dwelling is approximately 44 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace and a two-car garage. The property has a 13,040 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-78 dwellings of frame and masonry exterior construction that range in size from 2,396 to 3,228 square feet of living area and that are either 44 or 45 years

old. Each comparable has an unfinished full or partial basement, central air conditioning, one fireplace and a two-car garage. The comparables have improvement assessments ranging from \$25,825 to \$36,776 or from \$10.78 to \$11.39 per square foot of living area. Based on this evidence, the appellants requested that the subject's improvement assessment be reduced to \$28,051 or \$11.18 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,007. The subject property has an improvement assessment of \$32,509 or \$12.96 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and in the same block as the subject property. The comparables are improved with two-story class 2-78 dwellings of frame and masonry exterior construction that range in size from 2,368 to 2,600 square feet of living area and in age from 42 to 46 years old. The comparables each have a full basement, one of which has finished area. Each comparable has central air conditioning, one fireplace and a two-car garage. The comparables have improvement assessments ranging from \$30,547 to \$36,071 or from \$12.75 to \$14.55 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellants' comparable #3 as well as the board of review comparable #4 due to differences in dwelling size and finished basement area, respectively.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in age, dwelling size and features. These comparables have improvement assessments ranging from \$25,825 to \$36,071 or from \$10.78 to \$14.55 per square foot of living area. The subject property's improvement assessment of \$32,509 or \$12.96 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
