

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Julianne Shipton  
DOCKET NO.: 18-39656.001-R-1  
PARCEL NO.: 02-10-300-006-0000

The parties of record before the Property Tax Appeal Board are Julianne Shipton, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,557  
**IMPR.:** \$22,860  
**TOTAL:** \$34,417

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame exterior construction with 2,544 square feet of living area. The dwelling is approximately 52 years old. Features of the dwelling include a crawl space foundation, central air conditioning, one fireplace and a 2-car garage. The property has a 20,100 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-04 dwellings of frame or frame and masonry exterior construction that range in size from 1,944 to 2,846 square feet of living area that are either 46 or

47 years old. The comparables each have a full basement, one of which has a recreation room. Each comparable has central air conditioning, one or two fireplaces and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$8,576 to \$10,360 or from \$3.64 to \$5.16 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$10,863 or \$4.27 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,417. The subject property has an improvement assessment of \$22,860 or \$8.99 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code, in the same block and along the same street as the subject. The comparables are improved with one-story class 2-04 dwellings of frame or frame and masonry exterior construction that range in size from 2,043 to 2,865 square feet of living area and in age from 40 to 58 years old. Each comparable has an unfinished full or partial basement, one fireplace and a 2-car or a 2.5-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$21,247 to \$26,415 or from \$9.22 to \$12.20 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3 as well as the board of review comparables #2 and #3 due to their smaller dwelling sizes when compared to the subject. The Board gives less weight to the appellant's comparable #1 which appears to be an outlier due to its considerably lower improvement assessment when compared to the remaining comparables in the record. The Board finds the best evidence of assessment equity to be the remaining board of review comparables which are similar to the subject in age, dwelling size and other features despite each comparable having a basement which the subject lacks. These two comparables have improvement assessments of \$21,531 and \$26,415 and either \$9.22 or \$9.68 per square foot of building area. The subject property's improvement assessment of \$22,860 or \$8.99 per square foot of building area is bracketed by the assessments of the two best comparables in this record on an overall basis but below the range on a per square foot basis. The subject's lower improvement assessment per square foot basis appears to be logical given its lack of a basement. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
