

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Umesh Javvaji
DOCKET NO.: 18-39665.001-R-1
PARCEL NO.: 02-23-302-025-0000

The parties of record before the Property Tax Appeal Board are Umesh Javvaji, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,278
IMPR.: \$64,071
TOTAL: \$67,349

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 4,068 square feet of living area. The dwelling is approximately 1 year old. Features of the home include a full basement with finished area, central air conditioning, one fireplace and a 2.5-car garage. The property has a 10,088 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-08 dwellings of masonry exterior construction ranging in size from 3,876 to 4,394 square feet of living area and ranging in age from 1 to 16

years old. Each comparable has an unfinished full or partial basement, central air conditioning and a 2-car or a 3-car garage. Three comparables each have one or two fireplaces. The comparables have improvement assessments that range from \$53,876 to \$60,171 or from \$13.69 to \$14.11 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$56,545 or \$13.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$67,349. The subject property has an improvement assessment of \$64,071 or \$15.75 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that have a different neighborhood code than the subject property. The comparables are improved with two-story class 2-08 dwellings of frame or frame and masonry exterior construction ranging in size from 4,050 to 4,882 square feet of living area and that are either 1 or 4 years old. The comparables each have a full basement, one of which has finished area. Each comparable has central air conditioning and a 3-car garage. Three comparables each have one or two fireplaces. The comparables have improvement assessments that range from \$71,997 to \$97,129 or from \$17.78 to \$20.71 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the board of review comparables due to differences from the subject property in location. The Board finds the best evidence of assessment equity to be the appellant's comparables which have the same assessment neighborhood code as the subject. The comparables are similar to the subject in dwelling size and some features, although three of the comparables are from 9 to 15 years older than the subject. Nevertheless, these comparables have improvement assessments ranging from \$53,876 to \$60,171 or from \$13.69 to \$14.11 per square foot of living area. The subject's improvement assessment of \$64,071 or \$15.75 per square foot of living area falls above the range established by the best comparables in this record. Furthermore, the subject's improvement assessment is greater than the appellant's comparable #4, which is most similar to the subject in age and dwelling size but lacks finished basement area and has one less bathroom than the subject. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
