

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nevzat Balkir
DOCKET NO.: 18-39675.001-R-1
PARCEL NO.: 02-16-214-003-0000

The parties of record before the Property Tax Appeal Board are Nevzat Balkir, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,973
IMPR.: \$88,416
TOTAL: \$97,389

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 5,526 square feet of living area. The dwelling is approximately 10 years old. Features of the home include an unfinished full basement, central air conditioning, two fireplaces, and a three-car garage. The property has a 71,787 square foot site and is located in Inverness, Palatine Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood code as the subject. The comparables are improved with class 2-09 dwellings of masonry exterior construction ranging in size from 6,813 to 8,093 square feet of living area. The comparables range in age from 10 to 46 years old. Each comparable has a finished basement,

central air conditioning, two fireplaces, and a three-car or a four-car garage. The comparables have improvement assessments ranging from \$89,143 to \$127,068 or from \$11.01 to \$15.84 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$77,585 or \$14.04 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$97,389. The subject property has an improvement assessment of \$88,416 or \$16.00 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same neighborhood code as the subject property. The comparables are improved with one-story class 2-03, one-story class 2-04, or two-story class 2-09 dwellings of masonry exterior construction ranging in size from 1,578 to 6,976 square feet of living area. The comparables range in age from 37 to 77 years old. Each comparable has an unfinished basement, central air conditioning, one to three fireplaces, and a two-car to a four-car garage. The comparables have improvement assessments ranging from \$32,920 to \$122,533 or from \$17.56 to \$20.86 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 as well as the board of review comparables which differ from the subject in age. Additionally, board of review comparables #1 and #3 have dissimilar one-story designs, unlike the subject's two-story design. The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4 which are more similar to the subject property in design, age, and most features; however, these comparables are 45% and 43% larger homes than the subject, respectively, and have basement finish, unlike the subject. Nevertheless, these comparables have improvement assessments of \$127,068 and \$125,136, respectively, or \$15.84 per square foot of living area. The subject's improvement assessment of \$88,416 or \$16.00 per square foot of living area falls below the overall improvement assessment of the two best comparables in this record but above on a per square foot basis. Given the subject's significantly smaller building size relative to the two best comparables in the record and considering the well-established real estate principle of economies of scale, it is logical that, all else being similar, the subject's price per square foot would be higher. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
