

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Aman Halvadia
DOCKET NO.: 18-39694.001-R-1
PARCEL NO.: 02-21-413-003-0000

The parties of record before the Property Tax Appeal Board are Aman Halvadia, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,778
IMPR.: \$70,766
TOTAL: \$76,544

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 4,847 square feet of living area. The dwelling is approximately 17 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace and a three-car garage. The property has a 10,050 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with class 2-08 dwellings of frame or masonry exterior construction ranging in size from 3,959 to 4,676 square feet of living area and in age from 18 to 39 years old.

Two comparables each have an unfinished full basement and one comparable has a crawl space foundation. Each comparable has central air conditioning, one fireplace and a two-car or a three-car garage. The comparables have improvement assessments ranging from \$43,798 to \$63,540 or from \$11.06 to \$13.59 per square foot of living area. Based on this evidence, the appellant requested that the subject's total improvement assessment be reduced to \$60,297 or \$12.44 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$76,544. The subject property has an improvement assessment of \$70,766 or \$14.60 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with two-story class 2-08 dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 3,810 to 4,344 square feet of living area that are either 1 or 23 years old. The comparables each have a full basement, one of which has finished area. Each comparable has central air conditioning, one fireplace and a two-car or a three-car garage. The comparables have improvement assessments ranging from \$62,906 to \$79,790 or from \$15.13 to \$19.63 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #3 and the board of review comparables #2, #3 and #4 due to their dissimilar ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' three remaining comparables which are similar to the subject in age and some features but have smaller dwelling sizes than the subject. These comparables have improvement assessments ranging from \$43,798 to \$62,906 or from \$11.06 to \$15.13 per square foot of living area. The subject's total improvement assessment of \$70,766 or \$14.60 falls above the range established by the comparables in this record on an overall basis but within the range on a per square foot basis. Furthermore, due to economies of scale, accepted real estate valuation theory provides, all other factors being equal, as the size of a property increases, its per unit value decreases. Likewise, as the size of a property decreases, its per unit value increases. Due to its larger dwelling size, the subject's estimated market value as reflected by its assessment is well supported by a preponderance of the credible market evidence contained on this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board

finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
