

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kamalnayan Chandnani  
DOCKET NO.: 18-39702.001-R-1  
PARCEL NO.: 02-18-407-015-0000

The parties of record before the Property Tax Appeal Board are Kamalnayan Chandnani, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,550  
**IMPR.:** \$36,240  
**TOTAL:** \$42,790

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,786 square feet of living area. The dwelling is approximately 30 years old. Features of the property include an unfinished full basement, central air conditioning, one fireplace and a 2.5-car garage. The property has a 11,393 square foot site and is located in Hoffman Estates, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-78 dwellings of frame exterior construction that range in size from 3,101 to 3,398 square feet of living area that are either 29 or 33 years old. The

comparables each have an unfinished full or partial basement, central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$31,196 to \$35,098 or from \$9.90 to \$10.33 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$28,250 or \$10.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,790. The subject property has an improvement assessment of \$36,240 or \$13.01 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code, in the same block and along the same street as the subject. The comparables are improved with two-story class 2-78 dwellings of frame exterior construction with either 2,302 or 2,399 square feet of living area that range in age from 28 to 33 years old. Three comparables each have an unfinished full basement and one comparable has a crawl space foundation. Each comparable has central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$30,969 to \$37,947 or from \$13.45 to \$16.48 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record does not support a reduction in the subject's assessment.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board gives less weight to the board of review comparable #2 which lacks a basement that is a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are superior to the appellant's comparables in location and similar to the subject in age and some features, however each of these comparables is smaller in size than the subject. These comparables have improvement assessments ranging from \$30,969 to \$37,947 or from \$13.45 to \$16.48 per square foot of building area. The subject property's improvement assessment of \$36,240 or \$13.01 per square foot of building area falls within the range established by the best comparables in this record on an overall basis but below the range on a per square foot basis. Furthermore, the subject's assessment on a per square foot basis is logical considering economies of scale with its larger dwelling size when compared to the best comparables. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
