

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert & Veronica Tripamer
DOCKET NO.: 18-39757.001-R-1
PARCEL NO.: 24-14-403-038-0000

The parties of record before the Property Tax Appeal Board are Robert & Veronica Tripamer, the appellants, by attorney Mary Kate Gorman, Attorney at Law in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,674
IMPR.: \$16,200
TOTAL: \$20,874

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, single-family dwelling of frame construction with 1,080 square feet of living area. The dwelling was 76 years old. Features of the home include a slab foundation and a one-car garage. The property has a 4,920 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants assert overvaluation in this appeal. In support of the overvaluation argument, the appellant submitted evidence disclosing that the subject property was purchased on July 13, 2018, for a price of \$160,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,874. The subject's assessment reflects a market value of \$208,740 or \$193.28 per square foot of living area, land included, when using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%. The subject's improvement assessment is \$16,200, or \$15.00 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four suggested comparable sales.

Conclusion of Law

When market value is the basis of the appeal, the taxpayer must prove the value of the property by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e); *Winnebago County Bd. of Review v. Property Tax Appeal Bd.*, 313 Ill. App. 3d 1038, 1043 (2d Dist. 2000). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellants *did not meet* this burden of proof and a reduction in the subject's assessment on this basis *is not* warranted.

The appellants presented evidence that the subject property was sold on July 24, 2018, for a price of \$160,000. The appellants completed Section IV - Recent Sale Data of the PTAB residential appeal form and disclosed that the parties to the transaction were not related, the property was sold by the owner, the property had not been advertised on the open market, and it was not a foreclosure sale. The appellants also submitted a copy of the settlement statement from the transaction. The appellants did not disclose how long the property had been on the market before it was sold.

The evidence demonstrates a lack of realtor involvement in the sale, and a lack of advertising of the property on the open market. There is no evidence about what the owner did to market the subject or how long it was on the market before the sale. The Board gives little weight to the subject's sale because of the absence of evidence that it was exposed to the market.

The Board further finds that the best evidence of market value in the record is suggested comparable sales one, two, and four submitted by the board of review. Like the subject property, these comparables had two-story, single-family residences with one full bathroom. The dwellings on those comparables were similar in age and living area size to the subject property. They were located in the same subarea as the subject. These comparables were sold between March 1, 2015, and April 1, 2016, for prices ranging from \$186.96 to \$269.89 per square foot of living area, land included in the sales price. The subject's assessment reflects a market value of \$193.28 per square foot of living area, land included, which is within the range established by the best comparable sales in this record. Based on this record the Board finds that a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
