

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ron Plonis
DOCKET NO.: 18-39945.001-R-1
PARCEL NO.: 31-36-315-002-0000

The parties of record before the Property Tax Appeal Board are Ron Plonis, the appellant, by attorney Peter D. Verros, of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,052
IMPR.: \$4,116
TOTAL: \$6,168

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 1,372 square feet of living area. The dwelling is approximately 66 years old. Features of the home include a concrete slab foundation, central air conditioning and a 2-car garage. The property has a 6,840 square foot site and is located in Park Forest, Rich Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted a property characteristic sheet and grid analysis on four equity comparables located in the same neighborhood code and from .3 of a mile to 1 mile from the subject property. The comparables were improved with similar class 2-03 dwellings of frame and masonry exterior construction that range in size from 1,092 to 1,694

square feet of living area. The comparables range in age from 63 to 66 years old. Each comparable has a concrete slab foundation. Two comparables have central air conditioning and three comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$184 to \$3,331 or from \$0.17 to \$2.03 per square foot of living area. The appellant requested the improvement assessment be reduced to \$2,634 or \$1.92 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,168. The subject property has an improvement assessment of \$4,116 or \$3.00 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code and on the same block as the subject property. The comparables are class 2-03 properties and improved with 1-story dwellings of frame and masonry exterior construction that range in size from 1,378 to 1,493 square feet of living area. The comparables are either 62 or 66 years old. Each comparable has a concrete slab foundation. Two comparables has central air conditioning and three comparables have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$4,489 to \$4,827 or from \$3.22 to \$3.48 per square foot of living area. The board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #1, #2 and #3 as these comparables differ in dwelling size when compared to the subject. Furthermore, appellant's comparables #1 and #2 improvement assessments are outliers when compared to all the comparables submitted. The Board gave less weight to the appellant's comparable #4 along with board of review comparables #2 and #4 as these properties lack central air conditioning and/or a garage when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #3. These comparables have varying degrees of similarity when compared to the subject in dwelling size, age, and features. These comparables had improvement assessments of \$4,827 and \$4,807 or \$3.36 and \$3.22 per square foot of living area, respectively. The subject's improvement assessment of \$4,116 or \$3.00 per square foot of living area falls below the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
