

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ron Plonis  
DOCKET NO.: 18-39952.001-R-1  
PARCEL NO.: 31-36-304-031-0000

The parties of record before the Property Tax Appeal Board are Ron Plonis, the appellant, by attorney Peter D. Verros, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,121  
**IMPR.:** \$4,663  
**TOTAL:** \$6,784

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame exterior construction with 1,313 square feet of living area. The dwelling is approximately 66 years old. Features of the home include a concrete slab foundation, a fireplace, and a one-car garage. The property has a 7,072 square foot site and is located in Park Forest, Rich Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the subject's assessment neighborhood code and within 1.4 miles from the subject. The comparables are improved with one-story, class 2-03 dwellings of frame exterior construction that range in size from 1,092 to 1,665 square feet of living area and range in age

from 64 to 66 years old. The comparables have concrete slab foundations, two comparables have central air conditioning, three comparables each have one fireplace, and each comparable has a 1-car or a 1.5-car garage. The comparables have improvement assessments ranging from \$1,480 to \$3,579 or from \$1.25 to \$2.72 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$2,810 or \$2.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,784. The subject has an improvement assessment of \$4,663 or \$3.55 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code and within a .25 of a mile from the subject. The comparables are improved with one-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,173 to 1,443 square feet of living area and are 66 years old. Each comparable has a concrete slab foundation and a fireplace, two comparables have central air conditioning, and three comparable each have a one-car garage. The comparables have improvement assessments ranging from \$4,308 to \$6,000 or from \$3.67 to \$4.16 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject. The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 and #4 due to differences in dwelling size when compared to the subject. In addition, appellant's comparable #4 is located over 1 mile from the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #3 along with the board of review comparables which have varying degrees of similarity to the subject in location, age, dwelling size, and features. These comparables have improvement assessments ranging from \$1,480 to \$6,000 or from \$1.25 to \$4.16 per square foot of living area. The Board finds board of review comparable #1 is most similar to the subject in location, dwelling size, age and features. The subject has an improvement assessment of \$4,663 or \$3.55 per square foot of living area, which falls within the range established by the best comparables in this record and well supported by the most similar comparable. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's

improvement assessment is equitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
