

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Floody, LLC  
DOCKET NO.: 18-39968.001-R-1  
PARCEL NO.: 30-20-315-023-0000

The parties of record before the Property Tax Appeal Board are Floody, LLC, the appellant, by attorney Peter D. Verros, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,622  
**IMPR.:** \$4,024  
**TOTAL:** \$6,646

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 1,656 square feet of living area. The dwelling is approximately 61 years old and is constructed on a concrete slab foundation. The property has a 7,493 square foot site and is located in Calumet City, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are class 2-03 dwellings of frame or frame and masonry exterior construction that range in size from 1,147 to 1,388 square feet of living area and range in age from 56 to 61 years old. Each comparable has a concrete slab foundation and a 1.5-car or a 2-car garage. The comparables

have improvement assessment ranging from \$1,448 to \$2,157 or from \$1.26 to \$1.66 per square feet of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$2,385 or \$1.44 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,646. The subject property has an improvement assessment of \$4,024 or \$2.43 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with one-story class 2-03 dwellings of frame and masonry exterior construction that range in size from 1,517 to 1,807 square feet of living area and range in age from 56 to 61 years old. Each comparable has a concrete slab foundation and from a 1-car to a 2-car garage. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$3,944 to \$6,146 or from \$2.60 to \$4.00 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their substantially smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are similar to the subject in location, age, design and dwelling size. Each of these properties has a garage, a feature that the subject lacks, suggesting a downward adjustment is necessary to make the comparables more equivalent to the subject. These comparables had improvement assessments that ranged from \$3,944 to \$6,146 or from \$2.60 to \$4.00 per square foot of living area. The subject's improvement assessment of \$4,024 or \$2.43 per square foot of living area falls within the range on an overall basis and below the range on a per square foot basis as established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
