

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Floody, LLC  
DOCKET NO.: 18-40163.001-R-1  
PARCEL NO.: 29-22-203-012-0000

The parties of record before the Property Tax Appeal Board are Floody, LLC, the appellant, by attorney Peter D. Verros of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,348  
**IMPR.:** \$5,909  
**TOTAL:** \$9,257

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame exterior construction with 1,127 square feet of living area. The dwelling is approximately 61 years old. Features of the home include a full unfinished basement and central air conditioning. The property has an 8,372 square foot site and is located in South Holland, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables, each with the same assessment neighborhood code as the subject. The comparables are improved with class 2-03, 1-story or 1.5 to 1.9-story dwellings of frame or frame and masonry exterior construction ranging in size from 1,092 to 1,733 square feet of living

area. The dwellings range in age from 52 to 105 years old. One comparable has a concrete slab foundation and three comparables each have a basement, two of which have finished area. Two comparables each have one fireplace and each comparable has a two-car garage. The comparables have improvement assessments that range from \$94 to \$2,946 or from \$0.09 to \$1.70 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$1,071 or \$0.95 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,257. The subject property has an improvement assessment of \$5,909 or \$5.24 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, each with the same assessment neighborhood code as the subject and located within the same block as the subject property. The comparables are improved with class 2-03, one-story dwellings of frame or masonry exterior construction ranging in size from 1,087 to 1,546 square feet of living area. The dwellings are 59 or 61 years old. Each comparable has an unfinished basement, and a one-car or a two-car garage. The comparables have improvement assessments that range from \$6,881 to \$9,545 or from \$6.15 to \$6.90 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to appellant's comparables, as well as board of review comparables #3 and #4 due to their distant locations from the subject being more than one mile away and/or their larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2. These two comparables are overall most similar to the subject in location, dwelling size, design and age. However, the Board finds comparable #1 lacks central air conditioning, a feature of the subject, suggesting an upward adjustment would be required to make this comparable more equivalent to the subject. The Board also finds each comparable has a garage, unlike the subject, requiring downward adjustments. The comparables have improvement assessments of \$6,881 and \$7,495 or \$6.33 and \$6.90 per square foot of living area, respectively. The subject's improvement assessment of \$5,909 or \$5.24 per square foot of living area falls below the two best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
