

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AN Capital, LLC
DOCKET NO.: 18-40166.001-R-1
PARCEL NO.: 30-07-126-053-0000

The parties of record before the Property Tax Appeal Board are AN Capital, LLC, the appellant, by attorney Peter D. Verros, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,256
IMPR.: \$14,436
TOTAL: \$16,692

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,542 square feet of living area. The dwelling is approximately 12 years old. Features of the home include an unfinished basement, central air conditioning and a 2-car garage. The property has a 5,640 square foot site and is located in Calumet City, Thornton Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in different assessment neighborhood codes than the subject and from 2.0 to 4.6 miles from the subject property. The comparables are improved with class 2-78 dwellings of frame and masonry exterior construction that range in size from 2,200 to 2,536 square feet of

living area. The homes range in age from 7 to 59 years old. Two comparables have unfinished basements and two comparables have concrete slab foundations. Each comparable has central air conditioning and a 2-car garage. One comparable has a fireplace. The comparables have improvement assessments ranging from \$10,212 to \$11,752 and either \$4.63 or \$4.64 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$11,795 or \$4.64 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,692. The subject property has an improvement assessment of \$14,436 or \$5.68 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story class 2-78 dwellings of frame and masonry exterior construction that range in size from 2,152 to 2,536 square feet of living area. The homes are either 12 or 31 years old. Each comparable has a basement, two with finished area, central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$13,277 to \$15,656 or from \$6.16 to \$6.34 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their more distant locations and/or older ages when compared to the subject. The Board gave less weight to the board of review's comparables #3 and #4 due to their older ages when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which are nearly identical to the subject in location, age, dwelling size and features. These two comparables had improvement assessments of \$15,656 or \$6.17 per square foot of living area. The subject's improvement assessment of \$14,436 or \$5.68 per square foot of living area is below the two best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
