

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ron Plonis  
DOCKET NO.: 18-40179.001-R-1  
PARCEL NO.: 30-20-112-051-0000

The parties of record before the Property Tax Appeal Board are Ron Plonis, the appellant, by attorney Peter D. Verros of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,170  
**IMPR.:** \$8,833  
**TOTAL:** \$11,003

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 1,890 square feet of living area. The dwelling is approximately 63 years old. Features of the home include a concrete slab foundation, central air conditioning and a 1.5-car garage. The property has a 6,200 square foot site and is located in Calumet City, Thornton Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the cities of Dalton or Harvey and from 4.1 to 6.9 miles from the subject property. The comparables are improved with class 2-05, two-story dwellings of masonry exterior construction ranging in size from 1,656 to 1,984 square feet of living area. The

dwellings range in age from 75 to 146 years old. One comparable has a crawl space foundation and three comparables have unfinished basements. One comparable has central air conditioning, three comparables each have one fireplace and three comparables each have either a 1-car or a 2-car garage. The comparables have improvement assessments that range from \$4,000 to \$4,215 or from \$2.11 to \$2.45 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$3,780 or \$2.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,003. The subject property has an improvement assessment of \$8,833 or \$4.67 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in Calumet City, each with the same assessment neighborhood code as the subject property. The comparables are improved with class 2-05, two-story dwellings of masonry exterior construction ranging in size from 1,420 to 1,990 square feet of living area. The dwellings range in age from 65 to 69 years old. Each comparable has an unfinished basement, one comparable has a fireplace and two comparables each have a 2-car garage. The comparables have improvement assessments that range from \$7,976 to \$10,877 or from \$5.47 to \$6.46 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board finds none of these comparables are truly similar to the subject due to significant differences in location, age and/or features. Nevertheless, the Board gives less weight to the appellant's comparables due to their considerably older dwellings and locations more than 4 miles from the subject in different cities. The Board has also given less weight to board of review comparable #4 due to its smaller dwelling size when compared to the subject dwelling

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #3. These comparables are relatively similar to the subject in location, dwelling size, design and age. However, each comparable has a basement and other features with varying degrees of similarity when compared to the subject. The comparables have improvement assessments that range from \$9,098 to \$10,877 or from \$5.47 to \$6.46 per square foot of living area. The subject's improvement assessment of \$8,833 or \$4.67 per square foot of living area is below the range established by the best comparables in this record but appears to be justified

given its lack of a basement. After considering adjustments to the comparables for differences from the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
