

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Schwartz
DOCKET NO.: 18-41119.001-R-1
PARCEL NO.: 10-14-320-040-0000

The parties of record before the Property Tax Appeal Board are Daniel Schwartz, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,561
IMPR.: \$69,848
TOTAL: \$76,409

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco exterior construction with 4,259 square feet of living area. The dwelling is approximately 13 years old. Features of the home include a basement with finished area, central air conditioning and a 2.5-car garage. The property has a 7,953 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-08 dwellings of frame and masonry exterior construction ranging in size from 3,881 to 4,772 square feet of living area and in age from 39 to 60 years old.

One comparable has a crawl space foundation and two comparables each have a partial basement, one of which has a recreation room. Each comparable has central air conditioning and a 1.5-car or a 2-car garage. One comparable has one fireplace. The comparables have improvement assessments ranging from \$56,558 to \$72,822 or from \$13.89 to \$15.26 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$62,735 or \$14.73 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$76,409. The subject property has an improvement assessment of \$69,848 or \$16.40 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within different neighborhood codes than the subject property. The comparables are improved with one-story class 2-03 or two-story class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,383 to 4,833 square feet of living area and in age from 10 to 62 years old. The comparables each have a basement, two of which have finished area 1119. Each comparable has central air conditioning and from one to three fireplaces. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$44,031 to \$96,236 or from \$18.29 to \$31.84 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board also gives less weight to the board of review comparables due to their dissimilar locations when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are superior to the board of review comparables in location to the subject. These comparables are also similar to the subject in dwelling size and some features. However, each of these comparables is older than the subject and has a smaller garage than the subject. One comparable lacks a basement which is a feature of the subject. In addition, one comparable has one fireplace which is not a feature of the subject. Nevertheless, these comparables have improvement assessments ranging from \$56,558 to \$72,822 or from \$13.89 to \$15.26 per square foot of building area. The subject property's improvement assessment of \$69,848 or \$16.40 per square foot of building area falls within the range established by the best comparables in the record on an overall basis but above the range on a per square foot basis. Furthermore, the subject's assessment on a per square foot basis is logical considering its significantly newer age when

compared to the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
