

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Meyers  
DOCKET NO.: 18-41162.001-R-1  
PARCEL NO.: 17-06-422-063-1002

The parties of record before the Property Tax Appeal Board are Robert Meyers, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,548  
**IMPR.:** \$51,452  
**TOTAL:** \$55,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a second-floor condominium unit within a three-story condominium building with three residential units. The subject unit has a percentage of ownership in the common elements of 33.33%. The building is 11 years old. The property has a 3,131 square foot site and is located in Chicago, West Chicago Township, Cook County. The property is a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$480,000 as of 10/03/2017.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,508. The subject's assessment reflects a market value of \$595,080 or \$405.09 per square foot of living area, including land, when applying the 2018 statutory level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted a condominium analysis showing two of the units in the subject's building, or 66.67% of ownership in the common elements, sold between July 2015 and April 2017 for an aggregate price of \$1,253,000. This analysis included two of the subject units. The board of review deducted 5.00% from the aggregate sales price to account for personal property. The aggregate sales price, less the personal property deduction, was then divided by the percentage of ownership interest in the common elements of the units sold to arrive at a total market value for the building of \$1,785,436.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the evidence submitted by each party is entitled to some weight. While the board of review failed to submit an appraisal, it did submit comparable sales from the subject building. Even though the appellant submitted an appraisal it was flawed in that it failed to take into account recent sales in the subject building. The appraisal submitted by the appellant demonstrates the subject's assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$550,000 as of the assessment date at issue. Since market value has been established the 2018 median level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance, the Board therefore, concludes that a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
