

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Kladis
DOCKET NO.: 18-41364.001-R-1
PARCEL NO.: 02-26-301-032-0000

The parties of record before the Property Tax Appeal Board are John Kladis, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,745
IMPR.: \$ 48,225
TOTAL: \$ 51,970

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

Findings of Fact

The subject consists of a two-story dwelling of frame construction. The dwelling is one year old. Features of the home include a full unfinished basement, central air conditioning, and a three-car garage. The property has a 11,525 square foot site, and is located in Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables.

The appellant also argues that the subject's improvement size is 3,215 square feet of living area. In support of this assertion, the appellant submitted architectural drawings of the subject with measurements. In Section II of the appeal form, the appellant stated that the subject is

owner-occupied. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$50,958.

The board of review submitted its "Board of Review Notes on Appeal" disclosing that the total assessment for the subject is \$60,849. The subject property has an improvement assessment of \$57,104.

In support of its contention of the correct assessment, the board of review submitted four equity comparables, and one sale comparable. The board of review's evidence also states that the subject was purchased in March 2017 for \$72,000. The board of review's evidence states that the subject's improvement size is 3,747 square feet of living area. No evidence was submitted in support of this assertion.

Conclusion of Law

The Board finds that the subject's improvement size is 3,215 square feet of living area. "Standard of proof. Unless otherwise provided by law or stated in the agency's rules, the standard of proof in any contested case hearing conducted under this Act by an agency shall be the preponderance of the evidence." 5 ILCS 100/10-15. The appellant submitted detailed architectural drawings showing the measurements of the subject's improvement. The board of review did not submit any evidence in support of the subject's improvement size. Therefore, the Board finds that the appellant has proven, by a preponderance of the evidence, that the subject's improvement size is 3,215 square feet of living area, which results in an improvement assessment of \$17.76 per square foot of living area.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proven by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did meet this burden of proof, and that a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity to be appellant's equity comparables #1, #2, and #3, and board of review equity comparable #2. These equity comparables had improvement assessments ranging from \$12.47 to \$15.94 per square foot of living area. The subject's improvement assessment of \$17.76 per square foot of living area falls above the range established by the best comparables in this record. Based on this record, the Board finds the appellant has proven, with clear and convincing evidence, that the subject is inequitably assessed, and that a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
