

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Developer One, LLC  
DOCKET NO.: 18-41566.001-R-1  
PARCEL NO.: 29-02-321-014-0000

The parties of record before the Property Tax Appeal Board are Developer One, LLC, the appellant, by attorney Gregory P. Diamantopoulos, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,736  
**IMPR.:** \$5,761  
**TOTAL:** \$7,497

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of masonry exterior construction with 1,034 square feet of living area. The dwelling is approximately 62 years old. Features of the home include a basement with finished area, central air conditioning and a 2-car garage. The property has a 4,960 square foot site and is located in Dolton, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-03 dwellings of masonry exterior construction that have 1,034 square feet of living area. The homes are 62 years old. Each comparable has an

unfinished basement. One comparable has central air conditioning and a two comparables have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$5,102 to \$5,276 or from \$4.93 to \$5.10 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$5,211 or \$5.04 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$7,497. The subject property has an improvement assessment of \$5,761 or \$5.57 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with one-story class 2-03 dwellings of masonry exterior construction that range in size from 1,035 to 1,120 square feet of living area. The homes range in age from 58 to 62 years old. Each comparable has an unfinished basement and 2-car garage. Three comparables have central air conditioning. The comparables have improvement assessment that range from \$6,422 to \$6,678 or from \$5.88 to \$6.20 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #3 and #4 which lack a garage feature compared to the subject's 2-car garage.

The Board finds the best evidence of assessment equity to be the remaining six equity comparables which are similar to the subject in location, age, design, dwelling size and most features, except that they all have unfinished basements compared to the subject's finished basement. These comparables had improvement assessments that ranged from \$5,102 to \$6,678 or from \$4.93 to \$6.20 per square foot of living area. The subject's improvement assessment of \$5,761 or \$5.57 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
